

REMARKS

In response to the May 19, 2006 Office communication, Applicants herewith amend the application to include five tables incorporated (by reference) from parent application Serial No. 09/263,650, now U.S. Patent No. 6,379,943. This parent was filed under 35 USC 111, so under 37 CFR 1.57, a copy of that application need not be provided herewith.

The page of U.S. Patent No. 6,379,943 that includes the five tables being incorporated is provided as an attachment. This clearly identifies that these tables can be found on the page identified by columns 29 and 30. These tables are identical with the tables on the five attached sheets to be added to the present application by this amendment.

Having satisfied the requirements of 37 CFR 1.57, Applicants respectfully submit that submission of Tables 1-5 in the present amendment, satisfies the Examiner's request and that this application is now in condition for allowance. Applicants further respectfully request that timely Notice of Allowance be issued in this case.

The Examiner is invited to call the undersigned if clarification is needed on any aspects of this Reply, or if the Examiner believes a telephonic interview would expedite the prosecution of the subject application to completion.

Respectfully submitted,

Joseph Fischer
